Improving Statistical Literacy Through On-line Learning and Practice: Learning objects for a practical approach for non-mathematicians.

I, *(please print)* _____ have read and understood the information on the research project: **Improving Statistical Literacy Through On-line Learning and Practice: Learning objects for a practical approach for non-mathematicians** which is to be conducted by *Professor Taras Gula* and all questions have been answered to my satisfaction.

I agree to voluntarily participate in this research and give my consent freely. I understand that the project will be conducted in accordance with the Information Letter, a copy of which I have retained for my records.

I understand I can withdraw from the project at any time, without penalty, and do not have to give any reason for withdrawal.

I consent to *participate in this study by:*

- Providing an email address as userid and sharing non-identifying demographic information (e.g., School and course of study, gender, status - guest or subject, use of textbook alongside website, self-rated computer literacy),
- Taking a pre-test of math or stat questions,
- Engaging in the activities of the Learning Object,
- Completing a Usability Survey while using the Learning Object
- Taking a post-test or math or stat questions.
